

Special Issue

Innovative and Sustainable Business Models and Practices

Message from the Guest Editor

This special issue aims to stimulate scientifically grounded, interdisciplinary, practice-based research on the most salient aspects of innovative and sustainable business models and practices. It thus emphasizes the actual interdisciplinary sustainability research approaches, the solutions it provides and their dissemination and application.

- Sustainable business models;
- Sustainable innovation as a source of competitive advantage;
- Innovation and change management for sustainability;
- Sectoral strategies for sustainability;
- Sustainability-oriented service innovations;
- Strategic corporate sustainability;
- Sustainable resource management and innovative resource practices;
- Innovation linked to corporate sustainability assessment and reporting, environmental sustainability governance (ESG), sustainability ratings and sustainability investors;
- Collaborative, open innovation and user-driven innovation for sustainability.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
