

Special Issue

Social Entrepreneurship and Sustainability

Message from the Guest Editors

Over the past decade, the discourse on social enterprises has emerged as a powerful intervention for ameliorating socio-economic challenges in communities worldwide. Given the increasing gaps in the delivery of public services around the world, social enterprises are now being called upon to tackle these institutional voids through innovation in practice. There is a range of debates regarding the business models of social enterprises but all manifestations potentially align with the UN sustainable development goals, and could be the drivers of creativity and innovation that will lead to more sustainable and resilient communities. About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits
