Special Issue

Sustainable Spatial Planning Based on Ecosystem Services, Green Infrastructure and Nature-Based Solutions

Message from the Guest Editors

This Special Issue focuses on ecosystem services, green infrastructure, and Nature-based solutions as important reference points for spatial planning related to urban and rural contexts, with particular reference to the definition and implementation of planning policies aimed at protecting nature and natural resources. Theoretical and methodological contributions as well as critical discussions on policy implementation are welcome.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
