

## Special Issue

# Sustainable Tourism Carrying Capacity

### Message from the Guest Editor

This special issue intends to explore the development of the concept of carrying capacity, the various perspectives followed, its intricate relationship to sustainability as well as the experience of using the concept in a variety of tourist destination types and the processes of decision-making in using it in the context of sustainable development. Keywords

- Limits to tourism growth
- Carrying Capacity
- Sustainable tourism
- Overtourism
- Tourism impacts

---

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
