

## Special Issue

# Green Surfactants and Sustainability

### Message from the Guest Editor

This Special Issue aims to provide a comprehensive overview of the latest discoveries in synthesis, physicochemical properties of surfactants based on natural and renewable resources and their applications. Papers dealing with the biodegradability and retention of such surfactants in the environment and their application in everyday life, medicine and the cosmetic, household, energy and petroleum industries are especially welcome.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
