

## Special Issue

# Sustainable Entrepreneurship Management and Digitalization

### Message from the Guest Editors

Digitalization and sustainability are both important and interrelated in contemporary entrepreneurship. This Special Issue invites theoretical, conceptual, and empirical papers that shed light on the role of digitalization and/or sustainability in entrepreneurship and management of SMEs. Topics include but are not limited to:

- The role of sustainability and business responsibility in management and internationalization of SMEs;
- Business models and business model innovation in digital and sustainable entrepreneurship;
- The characteristics of sustainable and digital entrepreneurship and management in domestic and international entrepreneurial domains;
- Capabilities related to sustainable and digital entrepreneurship;
- The role of networks in sustainable and digital entrepreneurship management;
- Ecosystems in sustainable and digital entrepreneurship management;
- Social and environmental entrepreneurship management.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
