

Special Issue

Sustainable Business and Management Education

Message from the Guest Editors

The scarcity of resources and the way we use them has triggered social interest in sustainability. Institutions and academics are concentrating their efforts to solve these problems. This Special Issue aims to advance in this line through contributions on the relationship between *Sustainable Business and Management Education* and is focused on but not limited to the following topics:

- Sustainable business and management education
- Managerial skills and capabilities for sustainable businesses
- Attitudes toward sustainable business
- Teaching methodologies for sustainable businesses development
- Sustainability and sustainable businesses' legitimacy
- Sustainable businesses archetypes education
- Green marketing and sustainable business
- Higher education curricula for sustainable businesssees' development
- Business schools and sustainability
- Entrepreneurship education and sustainable business

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
