# **Special Issue**

# Sustainable Business and Management Education

### Message from the Guest Editors

The scarcity of resources and the way we use them has triggered social interest in sustainability. Institutions and academics are concentrating their efforts to solve these problems. This Special Issue aims to advance in this line through contributions on the relationship between Sustainable Business and Management Education and is focused on but not limited to the following topics:

- Sustainable business and management education
- Managerial skills and capabilities for sustainable businesses
- Attitudes toward sustainable business
- Teaching methodologies for sustainable businesses development
- Sustainability and sustainable businesses' legitimacy
- Sustainable businesses archetypes education
- Green marketing and sustainable business
- Higher education curricula for sustainable businessees' development
- Business schools and sustainability
- Entrepreneurship education and sustainable business

## **About the Journal**

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
