# **Special Issue**

# Sustainable Maritime Transport and Economics

## Message from the Guest Editors

To sustain the development of maritime transportation, "sustainable maritime," which operates with a good balance between environmental impact and economic interests, have been the focus of marine industries and government agencies and are required to look into energy saving and reducing the impact of their operations on society and the environment. The possible research topics of this Special Issue include but are not limited to:

- Sustainable maritime transportation planning and management;
- Sustainable maritime network or fleet optimization;
- Optimization models for port and shipping operations;
- Revenue/yield management of maritime transportation;
- Innovations for sustainability issues with emerging technologies;
- Environmental issues in maritime industry;
- Sustainable maritime transportation and competitive advantages;
- Managing sustainability through collaboration and coordination:
- Economic analysis of sustainable maritime transportation;
- Researches for the future era of automatic shipping and ports.

# **About the Journal**

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

#### Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

#### **Author Benefits**

### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

### **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
