

## Special Issue

# Green Economy, Ecosystems and Climate Change

### Message from the Guest Editor

This Special Issue of *Sustainability* will be devoted to cutting-edge research addressing the issues of smart and sustainable cities management in the context of UN New Urban Agenda. The papers addressing the following topics will be considered: sustainable development indicators, performance assessments, planning approaches, climate change mitigation and adaptation, decarbonization, sustainable transport, food security, digitization and the environment, pro-environmental behaviour, green infrastructure, urban air pollution, health, and the covid-19 pandemic. Particular emphasis will be given to empirical studies with a clear policy focus. Articles are invited from a broad range of regions from all across the world, including Africa, North and South America, Oceania, Asia, and Europe.

### Guest Editor

Dr. Stanislav Shmelev

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

---

### Editor-in-Chief

Prof. Dr. Marc A. Rosen
