Topical Collection

Sustainable Food Production: Challenges, Opportunities and Advancements

Message from the Collection Editor

This Special Issue, titled "Sustainable Food Production: Challenges, Opportunities, and Advancements", focuses on reviews and original research articles regarding all aspects of sustainable food production. Sustainable techniques and processes, sustainable packaging, life cycles of products, food waste/by-product valorization, the reduction of waste, energy efficiency, renewable energy sources, sustainability, and higher efficiency are all examples of topics that may be included in this Special Issue. However, papers on other aspects of sustainable food production are also welcome.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA
