

Special Issue

Sustainable Public Health, Pharmacy and Environment

Message from the Guest Editors

This volume aims to include works and research that address issues regarding the sustainability of the public health system and of the pharmaceutical system (which includes both state and private pharmacies), respectively the health of the environment, possibly with correlations between the three mentioned above. Therefore, this Special Issue focuses on two of the particular sustainable aspects of the "One health" concept, recognizing that the health of people is connected to the health of the environment.

Guest Editors

Prof. Dr. Simona Gabriela Bungau

Department of Pharmacy, Faculty of Medicine and Pharmacy, University of Oradea, 410087 Oradea, Romania

Prof. Dr. Lotfi Aleya

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
