Sustainable Rural Development Practices and Results: Learnings and Results from Policies and Initiatives

Message from the Guest Editors

We encourage researchers to submit contributions in the priority areas below: strategies to tackle depopulation of rural areas; social innovation and rural change; networks of actors and governance in rural development; the added value of projects and initiatives; youth and gender perspectives in rural development; neo-endogenous rural development as a tool for enhancing agricultural landscapes, quality productions, and agri-foods chains; agricultural landscapes and quality productions in rural areas; tools, digital innovations, and virtual and augmented reality for the study, interpretation, and enhancement of local resources, agricultural landscapes, and future scenarios; learnings from successful and failed initiatives in the practice of rural development; natural and cultural heritage as tools for rural development; the impact of the out-migration of young people in rural areas—irregular vs. circular experiences; rural extension and smallfarmers' ability to innovate and adapt to market and climate change; ageing, loneliness, and rural contexts; linkages between rural development, food security, and migration intentions in the Central American context

Guest Editors

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
