

## Special Issue

# Technology Innovation: Applications in Sustainable Tourism and Hospitality

### Message from the Guest Editors

The COVID pandemic has forced the tourism and hospitality sectors to more seriously focus on the resiliency, sustainability, and collaboration among diverse stakeholders. Recently, the UN World Tourism Organization (UNWTO) accentuates the responsible and sustainable recovery of the tourism sectors from the COVID crisis. The aim of this special issue is to deepen and broaden the understanding of innovative technology and digital transformation through the lens of sustainability. The current special issue advances how innovative technologies and digital tools may contribute to enhance the economic sustainability as well as social and environmental responsibility by exploiting the principles of sustainable development in the tourism and hospitality industry. This special issue aims to contribute to the existing literature by integrating innovative technology to sustainable development and suggesting several significant research areas for tourism and hospitality researchers.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
