

Special Issue

Entrepreneurial Ecosystems in Tourism and Events

Message from the Guest Editors

The purpose of this Special Issue is to expand entrepreneurial ecosystem research in tourism and events. This can result in a better understanding of: (a) how the notion of EE in tourism and events can be conceptualized, (b) how EE in tourism and events can be managed, and (c) how they can better contribute to entrepreneurship and innovation in tourism and events. We welcome original research, review articles, as well as case studies related but not limited to the following topics:

- Tourism and events entrepreneurship;
- Creation and development of entrepreneurial ecosystems in tourism and events;
- Factors impacting entrepreneurial ecosystems in tourism and events;
- Sustainable innovation and business ecosystems in tourism and events;
- Digitalization, online communities, and virtual events in an era of uncertainty;
- Innovation networks and communities;
- Policy measures for tourism and events development;
- Financial capital in the service of tourism and events;
- Logistic advancements and the integration of tourism networks.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
