

## Special Issue

# Sustainable Value Co-Creation

### Message from the Guest Editors

This call for papers seeks foundation-building research on sustainable value co-creation for business competitiveness that explores value culture, sustainable approaches to the generation of value, co-creative involvement, engagement and self-engagement of actors in terms of concepts, models, operations, strategies, organizations, management, with the aim to collect contributions from several scientific domains and backgrounds. Therefore, interdisciplinary works as well as industry-academia joint research efforts are especially welcome. We seek high-quality, original contributions on the following topics: *Value in business competitiveness Advances in value co-creation Sustainability and value co-creation Ecosystems, sustainable value co-creation, and innovation*

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
