## Selected Papers from the 19th National Conference on Magnetism and Magnetic Materials

### Message from the Guest Editor

The 19th National Conference on Magnetism and Magnetic Materials and the 12th National Conference on Magnetic Thin Films and Nanomagnetism will be held in Chengmai County, Hainan Province, from November 8 to 12, 2023. Conference web page address:

## About the Journal

### Message from the Editor-in-Chief

Symmetry is ultimately the most important concept in natural sciences. It is not surprising then that very basic and fundamental research achievements are related to symmetry. For instance, the Nobel Prize in Physics 1979 (Glashow, Salam, Weinberg) was received for a unified symmetry description of electromagnetic and weak interactions, while the Nobel Prize in Physics 2008 (Nambu, Kobayashi, Maskawa) was received for the discovery of the mechanism of spontaneous breaking of symmetry, including CP symmetry. Our journal is named *Symmetry* and it manifests its fundamental role in nature.
