

Special Issue

Complex Financial Systems: Dynamics, Risk, and Resilience

Message from the Guest Editors

This Special Issue, “Complex Financial Systems: Dynamics, Risk, and Resilience”, invites scholarly contributions that examine financial phenomena through the lens of systems science and systems engineering. We welcome submissions from finance, economics, information systems, management, data science, engineering, sustainability studies, and related fields. Empirical, theoretical, conceptual, and methodological papers are all suitable, provided they adopt a systems-oriented perspective aligned with the journal’s aims.

Guest Editors

Dr. Tristan Lim
Dr. Zhiyuan Wang

About the Journal

Message from the Editor-in-Chief

Systems is a leading venue for the quick and global dissemination of results of cutting-edge research in various areas of systems science and systems-related fields. An increasing number of researchers are realizing the enormous potential of systems thinking in managing the many unprecedented and complex issues in all areas of need. The *Systems* journal provides a home of exceptional quality for the manuscripts of these researchers who often find it difficult to publish their work in conventional discipline focused journals.

Editor-in-Chief

Prof. Dr. Ben Clegg
Operations & Service Management Department, Aston Business
School, Aston University, Birmingham B4 7ET, UK

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SSCI (Web of Science), Ei Compendex, dblp, and other databases.

Journal Rank:

JCR - Q1 (Social Sciences, Interdisciplinary) / CiteScore - Q2 (Modeling and Simulation)
