# Advances in Applications of Intelligently Mining Massive Data

Guest Editor:

#### Dr. Sikha Bagui

Department of Computer Science, University of West Florida, Pensacola, FL 32514, USA

Deadline for manuscript submissions: closed (31 July 2023)

### Message from the Guest Editor

Today's highly digitized and interconnected world generates almost unmanageable amounts data – scientific, medical, financial, as well as other kinds of data. This explosive growth in data has generated an urgent need for intelligent data mining techniques and tools that can assist in capturing, storing, and analyzing these data and transforming this massive amount of data into useful information and knowledge. Data mining as well as machine learning techniques have to be applied in a fresh light to analyze (summarize, classify, discover new trends and anomalies) these massive datasets. This Special Issue aims to report on the recent advances and new trends being applied to intelligently mining massive datasets in any field, and welcomes original research, short communications, and review papers.

## **Editor-in-Chief**

#### Prof. Dr. Manoj Gupta

Materials Group, Department of Mechanical Engineering, National University of Singapore, 9 Engineering Drive 1, Singapore 117576, Singapore

### Message from the Editor-in-Chief

*Technologies*, provides a single focus for reporting on developments of all technologies, regardless of their application. It is our intention that *Technologies* becomes the journal of choice for both researchers wanting to publish their work and technologists wishing to exploit the high quality research across a wide range of potential applications. Through its open access policy, its quick publication cycle, *Technologies* will facilitate the rapid uptake and development of the research presented, ultimately providing benefit to the wider society.

# **Author Benefits**

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions. **High Visibility:** indexed within ESCI (Web of Science), Scopus, Inspec, INSPIRE, and other databases. **Journal Rank:** JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (Computer Science (miscellaneous))
