

Special Issue

Smart Systems (SmaSys2022)

Message from the Guest Editors

We are planning to publish a Special Issue on "Smart Systems 2022" related to the International Conference of Smart Systems Engineering (SmaSys2022, http://yzyu.sakura.ne.jp/smasys.yz.yamagata-u.ac.jp/2022_1/) held on 6–7 October 2022, in Yamagata, Japan. The Special Issue "Smart Systems 2022" provides opportunities for collaboration across a wide range of fields and technologies related to emerging smart systems. Smart systems concern broad scientific and engineering fields. They include organic materials, organic electronics, organic devices, biomaterials, biomedical and biosystem engineering, electrical engineering and informatics, mechanical systems engineering, smart flexible structures and systems, green materials and their processing, tourism engineering with agriculture and foods, and new engineering education. All participants of SmaSys2022 and their colleagues, especially their students, are encouraged to submit their works to this Special Issue.

About the Journal

Message from the Editor-in-Chief

Technologies, provides a single focus for reporting on developments of all technologies, regardless of their application. It is our intention that *Technologies* becomes the journal of choice for both researchers wanting to publish their work and technologists wishing to exploit the high quality research across a wide range of potential applications. Through its open access policy, its quick publication cycle, *Technologies* will facilitate the rapid uptake and development of the research presented, ultimately providing benefit to the wider society.

Author Benefits

High Visibility:

indexed within ESCI (Web of Science), Scopus, Inspec, Ei
Compendex, INSPIRE, and other databases.

Journal Rank:

JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1
(Computer Science (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 21.8 days after
submission; acceptance to publication is undertaken in 3.9
days (median values for papers published in this journal in
the first half of 2025).
