## Wearable Technologies III

### Message from the Guest Editor

The editors of *Technologies* enthusiastically announce an upcoming issue dedicated to wearable technology in exercise and sport applications. Of specific interest are manuscripts that detail the validity of physiological variables in relation to accepted criterion measures, investigations reporting the reliability of wearable devices, and the use of wearable technologies in a wide array of sporting environments. Other manuscripts related to the topic of wearable technology and physical activity will be considered.

## About the Journal

### Message from the Editor-in-Chief

*Technologies*, provides a single focus for reporting on developments of all technologies, regardless of their application. It is our intention that *Technologies* becomes the journal of choice for both researchers wanting to publish their work and technologists wishing to exploit the high quality research across a wide range of potential applications. Through its open access policy, its quick publication cycle, *Technologies* will facilitate the rapid uptake and development of the research presented, ultimately providing benefit to the wider society.
