

# Special Issue

## Microwave/Millimeter-Wave Future Trends and Technologies

### Message from the Guest Editors

This Special Issue invites researchers and RnD engineers to contribute original research articles and review papers that address the challenges, future trends, and new technologies in the design and application of new microwave/millimeter-wave circuits for 5G and 6G systems to support the significant demands of this fast-evolving era. The sub-systems include but are not limited to antennas, filters, power amplifiers, phase shifters, power dividers, mixers, multiplexers, ceramics, and integrated systems. These components could incorporate recent RF technologies such as reconfigurable intelligent surfaces (RISs), metasurfaces, MMICs, beamforming, and massive MIMOs, which significantly affect the overall performance of 5G and 6G front-end transceivers.

### Guest Editors

Dr. Yasir I. A. Al-Yasir

School of Electronic Engineering and Computer Science, Queen Mary University of London, London E1 4NS, UK

Dr. Sunday Ekpo

Department of Engineering, Manchester Metropolitan University, Manchester M1 5GD, UK

### Deadline for manuscript submissions

30 November 2025

## About the Journal

### Message from the Editor-in-Chief

*Technologies*, provides a single focus for reporting on developments of all technologies, regardless of their application. It is our intention that *Technologies* becomes the journal of choice for both researchers wanting to publish their work and technologists wishing to exploit the high quality research across a wide range of potential applications. Through its open access policy, its quick publication cycle, *Technologies* will facilitate the rapid uptake and development of the research presented, ultimately providing benefit to the wider society.

---

### Editor-in-Chief

Prof. Dr. Manoj Gupta

Department of Mechanical Engineering, National University of  
Singapore, Singapore 117576, Singapore

### Author Benefits

#### High Visibility:

indexed within ESCI (Web of Science), Scopus, Inspec, Ei  
Compendex, INSPIRE, and other databases.

#### Journal Rank:

JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1  
(Computer Science (miscellaneous))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 21.8 days after  
submission; acceptance to publication is undertaken in 3.9  
days (median values for papers published in this journal in  
the first half of 2025).
