

## Special Issue

# Emerging Technologies in Communications and Machine Learning

### Message from the Guest Editors

The 10th South-East Europe Design Automation, Computer Engineering, Computer Networks and Social Media Conference (SEEDA-CECNSM 2025) will take place in Patras, Greece, from 19 to 21 September 2025. The SEEDA-CECNSM 2025 technical program includes all aspects of communications and network technologies as well as artificial intelligence, machine learning, internet of things, cloud computing, and cyber-physical systems. This Special Issue extends a warm invitation to submissions not only from conference attendees but also from researchers who are actively involved in or harbor a keen interest in the area of communications and machine learning. Potential topics include, but are not limited to, the following:

- Internet of things;
- Cloud computing;
- AI for communications systems;
- Wireless communications;
- Network systems.

## About the Journal

### Message from the Editor-in-Chief

I would like to introduce the new, online, and open access journal *Telecom*. The purpose of *Telecom* is to publish high-quality research papers as well as review articles that address recent advances in communications technology. We invite researchers to contribute original papers describing applications and experiences in emerging trends of all fields of telecommunications engineering. *Telecom* also welcomes Special Issue proposals from academics and industrial researchers. We aim to facilitate more collaboration between scientists and engineers around the world, such that they will produce their innovative ideas and submit their cutting-edge technologies to *Telecom*. We anticipate the receipt of your contributions to *Telecom*, and we welcome your comments and ideas on how to improve this journal.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within ESCI (Web of Science), Scopus, Ei Compendex, and other databases.

#### Journal Rank:

CiteScore - Q2 (Electrical and Electronic Engineering)
