

Special Issue

Selected Papers from SEEDA-CECNSM 2021

Message from the Guest Editors

The 6th South-East Europe Design Automation, Computer Engineering, Computer Networks and Social Media Conference (**SEEDA-CECNSM 2021**) will take place in Preveza, Greece, from September 24 to 26, 2021. The SEEDA-CECNSM technical program includes all aspects of computer engineering from networks to design automation. This Special Issue aims at publishing extended versions of papers in the areas covered by the conference. Potential topics include (but are not limited to):

- Computer networks and communications;
- Social media and e-technologies;
- Computer engineering;
- Design automation

The extended accepted conference papers from **SEEDA-CECNSM 2021** will be processed **free of charge**.

About the Journal

Message from the Editor-in-Chief

I would like to introduce the new, online, and open access journal *Telecom*. The purpose of *Telecom* is to publish high-quality research papers as well as review articles that address recent advances in communications technology. We invite researchers to contribute original papers describing applications and experiences in emerging trends of all fields of telecommunications engineering. *Telecom* also welcomes Special Issue proposals from academics and industrial researchers. We aim to facilitate more collaboration between scientists and engineers around the world, such that they will produce their innovative ideas and submit their cutting-edge technologies to *Telecom*. We anticipate the receipt of your contributions to *Telecom*, and we welcome your comments and ideas on how to improve this journal.

Editor-in-Chief

Prof. Dr. Sotirios K. Goudos
