

Special Issue

Effect of Pesticides on Insects and Other Arthropods

Message from the Guest Editors

This Special Issue is designed to publish high-quality review papers in *Toxics*. The issue will highlight a diverse set of topics related to the effects of pesticides on insects and other Arthropods. The scope of this Special Issue includes but is not limited to the lethal and sublethal effect of pesticides, their impact caused at the population and/or community level, pesticides' toxic effects, and ecotoxicology. We are particularly interested in manuscripts that include research articles, review articles, short communications, and opinion articles related to the extended topic of 'Effect of Pesticides on Insects and Other Arthropods'.

About the Journal

Message from the Editor-in-Chief

Toxics (ISSN 2305-6304) is an international, peer-reviewed, open access journal which provides an advanced forum for studies related to all aspects of toxic chemicals and materials. We aim to publish high quality work that furthers our understanding of the exposure, effects, and risks of chemicals and materials in humans and the natural environment as well as approaches to assess and/or manage the toxicological and ecotoxicological risks of chemicals and materials. Please consider publishing in *Toxics* when preparing your next paper.

Editor-in-Chief

Dr. Demetrio Raldúa
Department Environmental Chemistry, IDAEA-CSIC, Jordi Girona 18,
