

Special Issue

Distribution and Behavior of Trace Metals in the Environment

Message from the Guest Editors

This Special Issue aims to deepen mechanistic understandings of trace metal cycling and support the development of evidence-based strategies for environmental monitoring, remediation, and policy development.

About the Journal

Message from the Editor-in-Chief

Toxics (ISSN 2305-6304) is an international, peer-reviewed, open access journal which provides an advanced forum for studies related to all aspects of toxic chemicals and materials. We aim to publish high quality work that furthers our understanding of the exposure, effects, and risks of chemicals and materials in humans and the natural environment as well as approaches to assess and/or manage the toxicological and ecotoxicological risks of chemicals and materials. Please consider publishing in *Toxics* when preparing your next paper.
