Novel Technologies for Degradation of Organic Pollutants

Message from the Guest Editors

In this Special Issue, we invite contributors to submit original research, reviews, case studies, and methodological advancements that enhance our understanding of effective technologies for mitigating organic pollutants in the environment. By bringing diverse perspectives and expertise, we aim to advance the development of sustainable solutions to one of the most pressing environmental challenges.

About the Journal

Message from the Editor-in-Chief

Toxics (ISSN 2305-6304) is an international, peer-reviewed, open access journal which provides an advanced forum for studies related to all aspects of toxic chemicals and materials. We aim to publish high quality work that furthers our understanding of the exposure, effects, and risks of chemicals and materials in humans and the natural environment as well as approaches to assess and/or manage the toxicological and ecotoxicological risks of chemicals and materials. Please consider publishing in *Toxics* when preparing your next paper.
