Deadline for manuscript  
submissions:

**closed (28 February 2023)**

### Message from the Guest Editors

In this Special Issue on "Mycotoxins in Feed, Food, Nutraceuticals, and Functional Food", papers describing the worldwide occurrence of mycotoxins in various commodities are welcome, as are papers on the occurrence and co-occurrence of mycotoxins in human food, nutraceuticals, dietary supplements, and animal feed or relating to novel methodology for the analysis of mycotoxins in food and feed, as well as evaluation of reliable mycotoxins extraction procedures. We look forward to receiving your contributions to this Special Issue in the form of original research, case studies, or review papers, shedding light on perspectives on the occurrence and control of mycotoxins in different commodities and risk assessment.

- mycotoxins
- food contaminants
- method development
- mass spectrometry
- secondary metabolites
- diet supplements
- occurrence
- retrospective analysis

## Message from the Editor-in-Chief

Toxinology is an incredibly diverse area of study, ranging from field surveys of environmental toxins to the study of toxin action at the molecular level. The editorial board and staff of *Toxins* are dedicated to providing a timely, peer-reviewed outlet for exciting, innovative primary research articles and concise, informative reviews from investigators in the myriad of disciplines contributing to our knowledge on toxins. We are committed to meeting the needs of the toxin research community by offering useful and timely reviews of all manuscripts submitted. Please consider *Toxins* when submitting your work for publication.

## Author Benefits

**Open Access:** free for readers, with **article processing charges (APC)** paid by authors or their institutions.

**High Visibility:** indexed within **Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, AGRIS, and other databases.**

**Journal Rank:** JCR - Q1 (Toxicology) / CiteScore - Q1 (Toxicology)
