submissions:

closed (30 April 2024)

Message from the Guest Editors

Dear Colleagues,

The year 2023 marks the 15th anniversary of the launch of *Toxins*, a peer-reviewed, open access journal containing research relevant to the field of toxins. *Toxins* (ISSN 2072-6651) is devoted to all aspects of research on toxinology and all kinds of toxins (biotoxins) from animals, microbes, and plants. *Toxins* was accepted for coverage in the Science Citation Index Expanded (SCIE) in 2012 and received its first IF of 2.129 in 2013. It obtained a 2022 IF of 5.075, ranking 20th out of 94 (Q1) titles in the 'Toxicology' category.

To celebrate the significant milestone of this 15th Anniversary, a Special Issue entitled “*Toxins*: 15th Anniversary” has been launched. This Special Issue will include high-quality papers on topics within the broad scope of *Toxins*. It is our pleasure to invite you to contribute an original research article or a comprehensive review article on a current, trending topic for peer review and possible publication in *Toxins*.

Editor-in-Chief

Prof. Dr. Jay Fox

Department of Microbiology,
University of Virginia,
Charlottesville, VA, USA

Message from the Editor-in-Chief

Toxinology is an incredibly diverse area of study, ranging from field surveys of environmental toxins to the study of toxin action at the molecular level. The editorial board and staff of *Toxins* are dedicated to providing a timely, peer-reviewed outlet for exciting, innovative primary research articles and concise, informative reviews from investigators in the myriad of disciplines contributing to our knowledge on toxins. We are committed to meeting the needs of the toxin research community by offering useful and timely reviews of all manuscripts submitted. Please consider *Toxins* when submitting your work for publication.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**, **SCIE (Web of Science)**, **PubMed**, **MEDLINE**, **PMC**, **Embase**, **CAPLus / SciFinder**, **AGRIS**, and **other databases**.

Journal Rank: JCR - Q1 (*Toxicology*) / CiteScore - Q1 (*Toxicology*)
