

## Special Issue

# 1<sup>st</sup> International MYCOKEY Conference: Advances on Mycotoxin Reduction in the Food and Feed Chain

### Message from the Guest Editors

The 1<sup>st</sup> International MYCOKEY conference, entitled “Global Mycotoxin Reduction in the Food and Feed Chain” will be held in Ghent, Belgium, 11–14 September, 2017. The goal of this conference is to share knowledge at a global level, as well as to provide practical solutions to operators, directly involved in specific food and feed chains. This will be done through the development of tools for the prevention, monitoring, and reduction of mycotoxins in the field or during industrial processing, in a dynamic system able to consider variable data and information. Through this conference, we will present scientific and technological advances showing the most recent research results and integrated approaches to boost innovation in the agro-food sector. *Guest Editors*

### Guest Editors

Prof. Dr. Antonio F. Logrieco

Prof. Dr. Sarah De Saeger

Dr. Marthe De Boevre

### Deadline for manuscript submissions

closed (31 January 2018)

## About the Journal

### Message from the Editor-in-Chief

Toxinology is an incredibly diverse area of study, ranging from field surveys of environmental toxins to the study of toxin action at the molecular level. The editorial board and staff of *Toxins* are dedicated to providing a timely, peer-reviewed outlet for exciting, innovative primary research articles and concise, informative reviews from investigators in the myriad of disciplines contributing to our knowledge on toxins. We are committed to meeting the needs of the toxin research community by offering useful and timely reviews of all manuscripts submitted. Please consider *Toxins* when submitting your work for publication.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, AGRIS, and other databases.

#### Journal Rank:

JCR - Q1 (Toxicology) / CiteScore - Q1 (Toxicology)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.3 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the second half of 2024).
