

Special Issue

Biomonitoring of Mycotoxins the Silent Invaders, Their Subtle Assault on Human and Animal Health

Message from the Guest Editors

We are pleased to invite you collaborate on this Special Issue which aims to include works related to mycotoxins' biotransformation and biomonitoring through in vivo and in vitro studies with the newest methodologies and techniques. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: analytical skill in biological samples; in vivo studies about biotransformation; in vitro studies about biotransformation; risk assessment through biomonitoring. We look forward to receiving your contributions.

- mycotoxins
- biomonitoring
- blood
- cells
- biotransformation
- in vitro
- in vivo
- mass spectrometry

About the Journal

Message from the Editor-in-Chief

Toxinology is an incredibly diverse area of study, ranging from field surveys of environmental toxins to the study of toxin action at the molecular level. The editorial board and staff of *Toxins* are dedicated to providing a timely, peer-reviewed outlet for exciting, innovative primary research articles and concise, informative reviews from investigators in the myriad of disciplines contributing to our knowledge on toxins. We are committed to meeting the needs of the toxin research community by offering useful and timely reviews of all manuscripts submitted. Please consider *Toxins* when submitting your work for publication.

Editor-in-Chief

Prof. Dr. Jay Fox

USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Toxicology) / CiteScore - Q1 (Toxicology)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.4 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2025).
