

Special Issue

Selected Papers from the 5th Venoms to Drugs Meeting

Message from the Guest Editor

The 5th Venoms to Drugs Meeting will be held at The Mantra, Kingscliff in NSW from October 19-24, 2014. The conference will focus on venoms from cone snails, scorpions, spiders, snakes and other species. These venoms continue to provide an immense reservoir of potent bioactive peptides that target specific enzymes, ion channels and receptors. As such, they represent major sources of lead compounds for both the development of pharmacological tools and novel drugs. The special issue aims to bring together active scholars and researchers to present their current scholarly work in venoms to drugs .

About the Journal

Message from the Editor-in-Chief

Toxinology is an incredibly diverse area of study, ranging from field surveys of environmental toxins to the study of toxin action at the molecular level. The editorial board and staff of *Toxins* are dedicated to providing a timely, peer-reviewed outlet for exciting, innovative primary research articles and concise, informative reviews from investigators in the myriad of disciplines contributing to our knowledge on toxins. We are committed to meeting the needs of the toxin research community by offering useful and timely reviews of all manuscripts submitted. Please consider *Toxins* when submitting your work for publication.

Editor-in-Chief

Prof. Dr. Jay Fox

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Toxicology) / CiteScore - Q1 (Toxicology)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.4 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2025).
