

Special Issue

Alternative Gravities and Fundamental Cosmology

Message from the Guest Editors

This Special Issue will gather together works presented at the conference “Alternative Gravities and Fundamental Cosmology” (Altecosmofun'21), which will take place in Szczecin, Poland, 6–10 September, 2021. The task of the conference is to bring together specialists dealing with many modifications of Einstein’s general relativity—something we call “alternative gravities”. This Special Issue of *Universe* will contain longer review articles by invited speakers, as well as selected by the Scientific Committee, short papers from contributed and student sessions speakers.

Guest Editors

Prof. Dr. Mariusz P. Dąbrowski

Dr. Adam Balcerzak

Dr. Vincenzo Salzano

About the Journal

Message from the Editor-in-Chief

The multidisciplinary journal *Universe* is aiming to follow and, hopefully, to lead to the largest extent as possible the ever-self renovating threads which weave mathematical theories with our understanding of the magnificent natural world. On behalf of all the distinguished members of the Advisory and Editorial Boards, I extend my welcome to this journal and look forward to hearing from the interested contributors and learning about their valuable research.

Editor-in-Chief

Prof. Dr. Lorenzo Iorio
Ministero dell' Istruzione e del Merito, Viale Unità di Italia 68, 70125 Bari,
Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Astrophysics Data System, INSPIRE, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q2 (Astronomy and Astrophysics) / CiteScore - Q2 (General Physics and Astronomy)
