Multi-Messengers of Black Hole Accretion and Emission

Message from the Guest Editors

In this Special Issue, we expect to collect reviews as well as original research papers on studies of accretion and emission to compare black holes (BH) ranging from stellar-mass BHs to supermassive BH (SMBHs), including intermediate-mass BHs (IMBHs). For detailed information, please visit the [website](#).

About the Journal

Message from the Editor-in-Chief

The multidisciplinary journal *Universe* is aiming to follow and, hopefully, to lead to the largest extent as possible the ever-self renovating threads which weave mathematical theories with our understanding of the magnificent natural world. On behalf of all the distinguished members of the Advisory and Editorial Boards, I extend my welcome to this journal and look forward to hearing from the interested contributors and learning about their valuable research.
