

# Special Issue

## *Universe*: Feature Papers 2024 –'Cosmology'

### Message from the Guest Editors

This Special Issue aims to set itself at the cutting edge of the most recent advances in the intertwined ties of cosmology with other fields at all relevant scales from mutually fertilizing theoretical, phenomenological, and experimental perspectives. We expect these papers to be widely read and highly influential within the field. Potential topics include, but are not limited to, the following: cosmological models, quantum cosmology, dark matter, dark energy, cosmological perturbation theory, cosmic microwave background (CMB), observational cosmology, cosmological tensions, etc. We would also like to take this opportunity to ask more scholars to join the section Cosmology, so that we can work together to further develop this exciting field of research.

### Guest Editors

Dr. Jaime Haro Cases

Department of mathematics , Politechnic University of Catalonia,  
Barcelona, Spain

Dr. Supriya Pan

Department of Mathematics, Presidency University, 86/1 College Street,  
Kolkata 700073, India

### Deadline for manuscript submissions

closed (31 July 2025)

## About the Journal

### Message from the Editor-in-Chief

The multidisciplinary journal *Universe* is aiming to follow and, hopefully, to lead to the largest extent as possible the ever-self renovating threads which weave mathematical theories with our understanding of the magnificent natural world. On behalf of all the distinguished members of the Advisory and Editorial Boards, I extend my welcome to this journal and look forward to hearing from the interested contributors and learning about their valuable research.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Astrophysics Data System, INSPIRE, CAPlus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q2 (Astronomy and Astrophysics) / CiteScore - Q2 (General Physics and Astronomy)
