

Special Issue

The Interaction of Dark Matter with Ordinary Matter

Message from the Guest Editors

This Special Issue aims to collect new material based on recent developments from both theory and experiments that will describe the status of our knowledge regarding possible interactions of dark matter with ordinary matter. This new material will allow experimentalists to identify new searches and possibly new methods and theorists to consider all experimental constraints when building their models.

Guest Editors

Dr. Gianluca Inguglia

Institute of High Energy Physics, Austrian Academy of Sciences, 1050 Wien, Austria

Dr. Enrico Graziani

About the Journal

Message from the Editor-in-Chief

The multidisciplinary journal *Universe* is aiming to follow and, hopefully, to lead to the largest extent as possible the ever-self renovating threads which weave mathematical theories with our understanding of the magnificent natural world. On behalf of all the distinguished members of the Advisory and Editorial Boards, I extend my welcome to this journal and look forward to hearing from the interested contributors and learning about their valuable research.

Editor-in-Chief

Prof. Dr. Lorenzo Iorio
Ministero dell' Istruzione e del Merito, Viale Unità di Italia 68, 70125 Bari,
Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Astrophysics Data System, INSPIRE, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q2 (Astronomy and Astrophysics) / CiteScore - Q2 (General Physics and Astronomy)
