**Prof. Dr. Miltiadis D. Lytras**

Computer Science Department,  
College of Engineering, Effat  
University, Jeddah, Saudi Arabia

Deadline for manuscript  
submissions:

**closed (31 December 2021)**

### Message from the Guest Editors

Dear Colleagues,

The increasing pace of urbanization is one of the key sources of pressures that cities and urban space, to use a more general term, are exposed to today. From a different angle, advances in sophisticated information and communication technology (ICT) create the promise that many of the already existing and emerging challenges will be alleviated. The objective of this Special Issue is to encourage research and subsequent debate around the question of how advances in ICT may assist all stakeholders, including decision-makers, businesses, and citizens in the process of making urban space more user-friendly, thus enhancing the wellbeing of city inhabitants on the one hand, and contributing to urban space resilience and sustainability on the other.

## Editor-in-Chief

### Prof. Dr. Luis Hernández-Callejo

Department of Agricultural and Forestry Engineering, University of Valladolid, Campus Duques de Soria, 42004 Soria, Spain

## Message from the Editor-in-Chief

*Urban Science* is a scholarly international journal which provides a platform for the exchange of theories, ideas, methods, analyses, and comparative studies of urban and regional development. It is a peer-reviewed, open access journal that publishes high quality original articles, theoretical essays, critical reviews, research notes, and shorter communications. Its broad definition of “science” includes both quantitative and qualitative methods of social, environmental, and spatial analysis. There is no restriction on the length of the papers.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [ESCI \(Web of Science\)](#) and [other databases](#).

**Journal Rank:** JCR - Q2 (*Geography*) / CiteScore - Q1 (Urban Studies)
