

# Special Issue

## Female Genitourinary Health

### Message from the Guest Editors

We are requesting your submissions to this Special Issue, which is focused on Female Genitourinary Health. Topics may relate to pelvic floor issues in marginalized patients/complex patients, such as those who are incarcerated, have vulvodynia, who cannot ambulate/have neurologic issues/MS, obese, transgender who have had genital affirmation surgery, and those who are chronically catheterized. New, original and continuing research, as well as review manuscripts in this area, are also welcome.
