closed (30 June 2024)

Message from the Guest Editors

Dear Colleagues,

This Special Issue comprises selected papers from the 1st International Electronic Conference on Vaccines: RNA Vaccines, Current Challenges and Future Developments (IECV2023), hosted online from 1 to 15 December 2023, an online platform for hosting scholarly e-conferences and discussion groups (<https://iecv2023.sciforum.net/>).

- Vaccines to counter anti-microbial resistance;
- Vaccines to eradicate endemic disease—opportunities and challenges;
- Vaccines to prevent zoonotic transmission—targeting the animal reservoir;
- Vaccine platforms—advantages and disadvantages;
- Clinical trial design for reactive and preventive vaccination;
- Vaccine deployment in outbreak settings—lessons learned;
- Advances in vaccine formulation and adjuvantisation;
- Clinical view on routinisation of RNA vaccines;
- Immune response after vaccination against SARS-CoV-2 in patients with chronic diseases;
- T-cell responses in SARS-CoV-2;
- Novel technology and vaccines development for COVID-19;
- T-cell immunity and HIV-1 pathogenicity;
- Vaccine hesitancy;

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Vaccines (ISSN 2076-393X) has had a 6-year history of publishing peer-reviewed state of the art research that advances the knowledge of immunology in human disease protection. Immunotherapeutics, prophylactic vaccines, immunomodulators, adjuvants and the global differences in regulatory affairs are some of the highlights of the research published that have shaped global health. Our open access policy allows all researchers and interested parties to immediately scrutinize the rigorous evidence our publications have to offer. We are proud to present the work and perspectives of many to contribute to future decisions concerning human health.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**, **SCIE (Web of Science)**, **PubMed**, **PMC**, **Embase**, **CAPLus / SciFinder**, and **other databases**.

Journal Rank: JCR - Q2 (Medicine, Research and Experimental) / CiteScore - Q1 (Pharmacology (medical))
