submissions:

closed (31 December 2023)

Message from the Guest Editors

Dear Colleagues,

We would like to invite you to submit your research and review papers to a Special Issue of *Vaccines* entitled as "Oral delivery and related ADME studies of Vaccines". All the potential manuscripts regarding development of various technologies for the delivery of vaccines through oral routes; and evaluation of its therapeutical potential will be given priority for publication.

Dr. Saurav Kumar Jha

Message from the Editor-in-Chief

Vaccines (ISSN 2076-393X) has had a 6-year history of publishing peer-reviewed state of the art research that advances the knowledge of immunology in human disease protection. Immunotherapeutics, prophylactic vaccines, immunomodulators, adjuvants and the global differences in regulatory affairs are some of the highlights of the research published that have shaped global health. Our open access policy allows all researchers and interested parties to immediately scrutinize the rigorous evidence our publications have to offer. We are proud to present the work and perspectives of many to contribute to future decisions concerning human health.
