## **Special Issue**

# Vaccination Strategies and Population Immunity

## Message from the Guest Editors

Vaccination is crucial for public health, but achieving widespread immunity may require continual innovation. This Special Issue of *Vaccines*, entitled "Vaccination Strategies and Population Immunity", examines some of the challenges and solutions for access to vaccines. It will investigate strategies to reach historically overlooked communities, emphasizing the importance of health equity in achieving population immunity. Additionally, this Special Issue will promote vaccination strategies and cover a range of approaches that include encouraging healthcare providers to have meaningful conversations with their patients to build trust and increase vaccine acceptance.

## **About the Journal**

## Message from the Editor-in-Chief

Vaccines (ISSN 2076-393X) has had a 6-year history of publishing peer-reviewed state of the art research that advances the knowledge of immunology in human disease protection. Immunotherapeutics, prophylactic vaccines, immunomodulators, adjuvants and the global differences in regulatory affairs are some of the highlights of the research published that have shaped global health. Our open access policy allows all researchers and interested parties to immediately scrutinize the rigorous evidence our publications have to offer. We are proud to present the work and perspectives of many to contribute to future decisions concerning human health.

#### Editor-in-Chief

Prof. Dr. Ralph A. Tripp

Department of Infectious Diseases, College of Veterinary Medicine, University of Georgia, Athens, GA 30602-7387, USA

#### **Author Benefits**

## **High Visibility:**

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Medicine, Research and Experimental) / CiteScore - Q1 (Pharmacology (medical))

## **Rapid Publication:**

manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.6 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2025).
