

## Special Issue

# Immune Response of SARS-CoV-2 Infection

### Message from the Guest Editor

This Special Issue aims to provide an in-depth knowledge of host immune responses to SARS-CoV-2 infection. The present Special Issue invites submissions of original research articles and reviews. The areas of research areas may include (but are not limited to) the following: immune response to COVID-19 natural infection versus mRNA vaccines, immune response to COVID-19 variants in vaccinated and unvaccinated people, immune response to COVID-19 infection in people with underlying conditions, the cause of waning immunity in vaccinated people, immune response to COVID-19 in humans and animals, immune response in humans superinfected different variants.

### Guest Editor

Dr. Velmurugan Balaraman

Department of Diagnostic Medicine/Pathobiology, College of Veterinary Medicine, Kansas State University, Manhattan, KS 66506, USA

### Deadline for manuscript submissions

closed (10 September 2023)

## About the Journal

### Message from the Editor-in-Chief

*Vaccines* (ISSN 2076-393X) has had a 6-year history of publishing peer-reviewed state of the art research that advances the knowledge of immunology in human disease protection. Immunotherapeutics, prophylactic vaccines, immunomodulators, adjuvants and the global differences in regulatory affairs are some of the highlights of the research published that have shaped global health. Our open access policy allows all researchers and interested parties to immediately scrutinize the rigorous evidence our publications have to offer. We are proud to present the work and perspectives of many to contribute to future decisions concerning human health.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Medicine, Research and Experimental) /  
CiteScore - Q1 (Pharmacology (medical))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.6 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2025).
