

## Special Issue

# HPV Vaccination: Current Situation and Future Goals

### Message from the Guest Editors

To achieve a more extensive understanding of current scientific knowledge and trends in HPV vaccines implementation, this Special Issue is focused on the recent updates in this field. Based on your extensive knowledge and experience, we invite you to contribute with an original report, original observation, or review, to highlight the current situation related to (i) HPV vaccination coverage, (ii) attitudes towards HPV vaccination, (iii) HPV vaccination knowledge and awareness, (iv) HPV vaccines acceptance, (v) factors associated with the implementation of HPV vaccination programs locally and worldwide, (vi) effective instruments/interventions to improve the HPV vaccination public acceptance, (vii) impact of the COVID-19 pandemic on HPV vaccination.

### Guest Editors

Dr. Gulzhanat Aimagambetova

Department of Biomedical Sciences, School of Medicine, Nazarbayev University, Astana, Kazakhstan

Dr. Azliyati Azizan

Basic Sciences Department, College of Osteopathic Medicine, Tuoro University Nevada, Henderson, NV, USA

### Deadline for manuscript submissions

closed (31 July 2023)

## About the Journal

### Message from the Editor-in-Chief

*Vaccines* (ISSN 2076-393X), founded in 2013, now has a firm history of publishing peer-reviewed, state-of-the-art research papers on vaccines and vaccination in the broadest sense. Areas covered include, but are not limited to, novel and emerging vaccine technologies, building on in-depth knowledge of what constitutes a protective immune response. These can be new vaccines for old diseases, or old vaccines for new diseases. Vaccines against cancer and autoimmune diseases explicitly are also within the scope of the journal. Because public opinion and even government policies towards vaccines and vaccination have changed, vaccine policy and public health issues are major concerns. Climate change will also have an impact on the spread of infectious diseases, and thus also on vaccine and vaccination policies worldwide.

---

### Editor-in-Chief

Prof. Dr. Ger Rijkers

Department of Health, Cognition and Behavior, University College  
Roosevelt, 4331 CB Middelburg, The Netherlands

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Medicine, Research and Experimental) /  
CiteScore - Q1 (Pharmacology (medical))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.1 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2025).
