

## Special Issue

# Ocular Inflammation and Neuroimmunology

### Message from the Guest Editor

This Special Issue focuses on inflammation in ocular diseases and neuroimmunology research. Submission of original articles, systematic reviews, short communications, and other types of article on related topics are welcome. Manuscripts will follow standard Journal peer-review practices, and those accepted for publication will appear in the special issue on Ocular Inflammation and Neuroimmunology. We look forward to receiving and welcome your contributions. Keywords:

- Neuroimmune
- Retinal inflammation
- Retinal degeneration
- Innate immune signaling cascades
- Stem Cell
- Macrophage
- Chemokine
- Receptor

## About the Journal

### Message from the Editor-in-Chief

*Vaccines* (ISSN 2076-393X) has had a 6-year history of publishing peer-reviewed state of the art research that advances the knowledge of immunology in human disease protection. Immunotherapeutics, prophylactic vaccines, immunomodulators, adjuvants and the global differences in regulatory affairs are some of the highlights of the research published that have shaped global health. Our open access policy allows all researchers and interested parties to immediately scrutinize the rigorous evidence our publications have to offer. We are proud to present the work and perspectives of many to contribute to future decisions concerning human health.
