

Special Issue

Vaccine Hesitancy and Child Immunizations: Rationales, Issues and Knowledge Gaps

Message from the Guest Editor

This Special Issue focuses on the knowledge and strategies to reduce vaccine hesitancy and improve vaccination coverage rates in the group of infant and childhood. Submission of original articles, systematic reviews, short communications, and other types of article on related topics are welcome. Manuscripts will follow standard Journal peer-review practices, and those accepted for publication will appear in the special issue on Vaccine Hesitancy and Child Immunizations: Rationales, Issues and Knowledge Gaps. Keywords:

- vaccine hesitancy
- child immunizations
- vaccination coverage rates
- interventions and strategies
- rationales, issues and knowledge
- vaccine-preventable diseases
- adverse events
- vaccine uptake

About the Journal

Message from the Editor-in-Chief

Vaccines (ISSN 2076-393X) has had a 6-year history of publishing peer-reviewed state of the art research that advances the knowledge of immunology in human disease protection. Immunotherapeutics, prophylactic vaccines, immunomodulators, adjuvants and the global differences in regulatory affairs are some of the highlights of the research published that have shaped global health. Our open access policy allows all researchers and interested parties to immediately scrutinize the rigorous evidence our publications have to offer. We are proud to present the work and perspectives of many to contribute to future decisions concerning human health.

Editor-in-Chief

Prof. Dr. Ralph A. Tripp

Department of Infectious Diseases, College of Veterinary Medicine,
University of Georgia, Athens, GA 30602-7387, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Medicine, Research and Experimental) /
CiteScore - Q1 (Pharmacology (medical))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.6 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2025).
