Message from the Collection Editor

Dear Colleagues,

Dermatology is a discipline characterized by a growing importance in veterinary medical activity and a constant and particularly rapid progress of knowledge favored by specific and vigorous clinical research.

This Topical Collection of *Veterinary Sciences*, “Advances in Animal Dermatology”, will publish original articles, brief communications, case reports, case series, and reviews on the latest issues of the skin diseases in companion and large animals. It will encompass all aspects of veterinary dermatology: preclinical and clinical research, and diagnosis and treatment of various skin disorders, including, but not limited to, allergies, infections, ectoparasites, otitis, skin oncology, congenital anomalies, or cutaneous manifestation of systemic diseases.

Based on your expertise in this field, we think you can effectively contribute to the success of this initiative. We also hope that this collection will stimulate closer collaboration between researchers in veterinary and medical sciences in addressing this important topic in small-animal medicine.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Veterinary Sciences (ISSN 2306-7381) is an international and interdisciplinary scholarly open access journal that aims at publishing research in all fields of veterinary medicine in a democratic way. We encourage scientists to publish their original research articles, reviews, communications, and short notes in as much detail as possible. Articles submitted that involve subjecting animals to unnecessary pain or suffering will not be accepted, and all articles must be submitted with the necessary ethical approval (please refer to the Ethical Guidelines for more information).

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, and other databases.

Journal Rank: JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
