

## Special Issue

# One Health—9th Tick and Tick-borne Pathogen Conference and 1st Asia Pacific Rickettsia Conference

### Message from the Guest Editors

The 9th Tick and Tick-Borne Pathogen (TTP9) Conference will be held in Cairns, Australia in conjunction with the First Asia Pacific Rickettsia Conference (APRC1) held from 27 August until 1 September, 2017. This Special Issue will include invited articles associated with veterinary research selected from the conference plenaries and symposia presentations. Focus will include veterinary interventions associated with control of diseases of livestock, wildlife and companion animals associated with ticks, tick borne pathogens and species of Rickettsia. Interventions include immunological or therapeutic treatments, vaccinations, and diagnostic test development to control ticks and tick borne diseases associated with animal health.

## About the Journal

### Message from the Editor-in-Chief

Veterinary Sciences (ISSN 2306-7381) is an international and interdisciplinary scholarly open access journal that aims at publishing research in all fields of veterinary medicine in a democratic way. We encourage scientists to publish their original research articles, reviews, communications, and short notes in as much detail as possible. Articles submitted that involve subjecting animals to unnecessary pain or suffering will not be accepted, and all articles must be submitted with the necessary ethical approval (please refer to the Ethical Guidelines for more information).

---

### Editor-in-Chief

Prof. Dr. Patrick Butaye

1. Department of Pathobiology, Pharmacology and Zoological Medicine, Faculty of Veterinary Medicine, Ghent University, Salisburylaan 133, B9820 Merelbeke, Belgium

2. Department of Infectious Diseases and Public Health, Jockey Club College of Veterinary Medicine and Life Sciences, City University of Hong Kong, 31 To Yuen Street, Kowloon, Hong Kong SAR 999077, China
