Empowering Health Education: Digital Transformation Frontiers for All

Message from the Guest Editors

The fifth International Conference on Medical Education Informatics (MEI2024) will take place from Monday 10th to Tuesday 11th of June 2024, in the premises of the Conference and Dissemination Center of the Aristotle University of Thessaloniki, Greece. This conference is composed of a number of keynote and invited lectures, invited panels, as well as short oral and poster presentations. The theme of this year's conference is "Empowering Health Education: Digital Transformation Frontiers for All". In an ever-changing digital world, health and medical education are constantly evolving. Disruptive technologies such as virtual reality and artificial intelligence shape new challenges but also opportunities to empower health and medical Education through a constant digital transformation. Please find more information at <https://mei2024.org>. We welcome contributions from all conference presenters with an accepted abstract, but also from researchers that aim to shed light on the digital transformation frontiers to enhance health and medical education on topics aligned with *Virtual Worlds* aims and scope (<https://www.mdpi.com/journal/virtualworlds/about>).

About the Journal

Message from the Editor-in-Chief

Virtual Worlds is a scholarly online journal which provides a forum for discussion on new research related to Virtual Reality, Augmented and Mixed Reality technologies and their uses. It is a peer-reviewed, open access journal that publishes high quality original research articles, review papers and short communications.

Editor-in-Chief

Prof. Dr. Anton Nijholt

Department of Human Media Interaction, Faculty EEMCS, University of Twente, P.O. Box 217 Enschede, The Netherlands

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within ESCI (Web of Science), Scopus and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.1 days after submission; acceptance to publication is undertaken in 6.7 days (median values for papers published in this journal in the second half of 2025).
