Message from the Collection Editor

Dear Colleagues,

Viruses is pleased to announce the creation of a collection of featured articles on “Advances in Plant Virus Research”. We welcome the submission of manuscripts from Editorial Board Members and from scholars invited by the Editorial Board. Short proposals for the submission of featured articles are also welcomed. If you are interested, please send proposals to the *Viruses* Editorial Office (viruses@mdpi.com) in advance.

Message from the Editor-in-Chief

- *Viruses* (ISSN 1999-4915) is an open access journal which provides an advanced forum for studies of viruses. It publishes reviews, regular research papers, communications, conference reports and short notes. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the length of the papers. The full experimental details must be provided so that the results can be reproduced. We also encourage the publication of timely reviews and commentaries on topics of interest to the virology community and feature highlights from the virology literature in the 'News and Views' section.

Electronic files or software regarding the full details of the calculation and experimental procedure, if unable to be published in a normal way, can be deposited as supplementary material

Author Benefits

Open Access:— free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**, **SCIE (Web of Science)**, **PubMed**, **MEDLINE**, **PMC**, **Embase**, **AGRICOLA**, and many **other databases**.

Journal Rank: **JCR** - Q2 (*Virology*) / **CiteScore** - Q2 (*Infectious Diseases*)
