

## Special Issue

# Swine Viruses: Immunology and Vaccinology

### Message from the Guest Editors

This Special Issue titled "Swine Viruses: Immunology and Vaccinology" explores the frontiers of research in the battle against swine viral diseases. With a focus on the latest scientific breakthroughs, this Special Issue will examine the evolving nature of swine viruses, the dynamic mechanisms of the porcine immune system, and innovative strategies in vaccine development. It will provide a platform for scholars to discuss challenges and opportunities in the field, including the impact of emerging viruses, the role of genomics in vaccine design, and the integration of novel immunological insights. This collection aims to inspire new directions in research and to contribute to the advancement of swine health and disease prevention strategies.

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Viruses* (ISSN 1999-4915). *Viruses* is published in open access format—research articles, reviews and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Viruses* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Dr. Eric O. Freed

HIV Dynamics and Replication Program, Center for Cancer Research,  
National Cancer Institute, Frederick, MD 21702-1201, USA

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.

#### Journal Rank:

JCR - Q2 (Virology) / CiteScore - Q1 (Virology/Infectious Diseases)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.2 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
